

Dear Parents,

With the summer vacations over, it is time once again for the children to be back in the classroom and have loads of fun all over again. We will do circle time and have the little ones share their experiences during the holidays, places they travelled and what they saw and experienced. Their stories will liven us all up once again.

At OPG World School, we take great pains to create independent and competent pupils. While a continuous emphasis on reading, writing and speaking would be ongoing, the special focus in the coming months would be on doing the daily tasks independently. Love and respect for the Country, acceptance of all its citizens and tolerance towards each other's beliefs and customs are the values that we wish to inculcate in our future citizens. We have designed special activities for these.

In the month of July we will be focussing specifically on the language development through various activities as part of 'Language Week'. Further on, when the Monsoon showers Delhi with its abundant moisture and weather turns pleasant, we will look forward to the festive season. In August, Independence Day will be celebrated and the value of our much cherished freedom will be explained. Other festivals like Rakshabandhan and Janamashtmi will be discussed with the students through class assemblies and various events. In September activities like 'Building class stories', 'Show and Tell' and 'Poem Recitation' have been specially planned for the grooming of our little ones. This term the children of class 1 will be preparing a special assembly just for you, where you will see a transformation and an immense surge in the confidence in them.

Looking forward to an enriching term ahead....

Warm Regards
Class Teacher

TERM OVERVIEW

JULY-SEP (2019-20)

CLASS I

Value for the Month -

- Patience
- Respecting Nation
- Being Helpful

SCHOLASTIC

ENGLISH

Grammar

- Naming Words (Contd...)
