SUBJECT - SOCIAL STUDIES & SCIENCE INTEGRATED PROJECT

Conserving Our Environment

Dear Students,

You have showcased an excellent performance in your integrated Social Studies and Science Project on Harappa Civilisation. It is time to put on your thinking caps and once again show your innovative skills in yet another interesting project that we have for you.

Scenario: You have been hired by the Delhi government to research an environmental trend or issue that may affect our future. You will choose one trend or issue and summarise three actions that can be taken to lessen or prepare for this impact. Issues may be local, national or worldwide.

You may select any one topic from the list given below:

- Coronavirus waste (disposable masks, gloves. PPE kits etc)
- Global warming
- Water conservation
- Recycling efforts
- Endangered species
- Conserve forest
- Go digital
- Agricultural practices
- Plastic pollution

Your **task** is to write a paragraph about the topic you have chosen

Your presentation (written and oral) must include the following information:

- What is it?
- What causes it?
- Is it harmful? How?
- How does it affect people? How does it affect our health?
- How does it affect forests?
- How does it affect lakes and streams?
- How does it affect our ecosystem?
- List the government regulations or agencies connected to the trend or issues.
- What are the three actions that can be taken to lessen or prepare for this impact?

Also, **upload a video** of your presentation on the Google drive link given below by 22/02/21.
